### Guy Harvey's Island Grill, Shop and Gallery– Now open at The Wharf in Orange Beach, Alabama.

April 14, 2008. Guy Harvey's Island Grill is now open at The Wharf in Orange Beach, AL. The location features a combination of a restaurant, outside boat bar, retail shop, and art gallery.

With seating capacity of over 250 guests, Guy Harvey's Island Grill offers indoor and outdoor dining overlooking the marina and Intracoastal Waterway. The restaurant houses a game room, sports bar, captain's bar, and outdoor boat bar. The décor consist of full fish mounts, a large saltwater fish tank, table tops featuring Guy Harvey's art, and other nautical-themed accessories. The most noted pieces of décor include an exclusive collection of Guy Harvey's original artwork which will be available for purchase.

Guy Harvey's Island Grill is open for lunch and dinner and serves a variety of American-style foods including seafood, steaks, pastas, and salads. The price for most entrees ranges between \$9.99 and \$28.99. As a devoted conservationist, Guy Harvey has insisted that the restaurant not serve its patrons with specific species of fish from depleted populations including grouper and billfish. A percentage of all proceeds will go to The Guy Harvey Ocean Foundation, dedicated to saving the oceans. Guy Harvey's Island Shop is attached to the new restaurant and offers a selection of exclusive clothing, accessories, gifts, as well as fishing documentaries featuring Guy Harvey himself. Across from the restaurant, the very first Guy Harvey's Gallery in The United States will feature the largest selection of original artwork in the world. It will also sell never before seen home décor including carpets, and tile art.

“Guy Harvey's Island Grill is thrilled to be opening the doors to its third location at the prestigious AIG Baker property, The Wharf,” said Megan Bennett, Marketing Director for Guy Harvey's Island Grill, Shop and Gallery
